

# Blackmagic Design DaVinci Resolve 12.5 クリップ取り込みガイド

- 1) [メディア] モードより、SDカードを「スマートビン」ヘドラック&ドロップします。  
HDD内に保存しているものも同じ方法で行います。

The screenshot displays the DaVinci Resolve 12.5 interface in Media mode. The left sidebar shows the 'Media Storage' section with a tree view of folders. A red circle highlights the 'CAM\_SD 1' folder, and a red arrow points from it to the '433RAQH0' folder in the 'DCIM' sub-section. Below this, a white box highlights a clip named '04330001.MOV' in the media pool. A white arrow points from this clip to the 'スマートビン' (Smart Bin) icon in the bottom toolbar, which is also highlighted with a white box. The main workspace shows a video preview window with a Newton's cradle and a person in a white suit. The bottom status bar displays clip details for '04330001.MOV':

ファイル名	開始タイムコード	終了タイムコード	継続時間	フレーム	種類	解像度	FPS	オーディオチャンネル	ファイルパス	フォーマット	コーデック	フラグ	変更日
04330001.MOV	01:00:00:00	01:00:59:30	00:00:59:30	3570	ビデオ+オーディオ	3840x2160	59.940	2	/Volumes/CAM_SD 1/DCIM/433RAQH0/04330001.MOV	QuickTime	H.264		火 3月 7 2017 13:37:29

The right sidebar shows the 'Metadata' panel for the selected clip, displaying details such as start and end times, frame count, and audio channels.

## 2) [エディットモード]にて、サムネイルを確認し、タイムラインへ

The screenshot displays the DaVinci Resolve 12.5 interface in Edit mode. The top menu bar includes options like 'ファイル', '編集', 'トリム', 'タイムライン', 'クリップ', 'マーク', '表示', '再生', 'カラー', 'ノード', 'ワークスペース', and 'ヘルプ'. The main workspace is divided into several panels:

- Source Monitor:** Located on the left, it shows a preview of the clip '04330001' from the 'CAM\_01' source. A red circle highlights the clip thumbnail, and a white box with a red border provides a magnified view of the clip's thumbnail and name.
- Viewer:** The central area shows a preview of the clip content, which is a Newton's cradle with a clock in the background.
- Timeline:** The bottom panel shows the multi-track timeline. The clip '04330001' has been imported into the V1 (Video) track. A red arrow points from the source monitor's thumbnail to the clip in the timeline.
- Toolbox:** On the left, the 'ツールボックス' (Toolbox) is visible, with the 'エディット' (Edit) mode selected.

The bottom of the screen shows the macOS dock with various application icons, including the DaVinci Resolve icon.
